

**IGNITED CLUB**  
**ANNUAL REPORT 2024-25**

The Entrepreneurship Development (ED) Club in college is a dynamic platform designed to foster and nurture entrepreneurial spirit and mindset among students. The club acts as a catalyst for promoting innovation, creative thinking, and problem-solving skills, helping students develop into future entrepreneurs. It brings together like-minded individuals who are passionate about exploring and pursuing entrepreneurial ventures. Through a combination of mentorship, hands-on experience, networking opportunities, and skill development workshops, the club aims to empower students to take initiative, build businesses, and contribute to the economy.

The club's mission is to provide an inclusive environment where students can share ideas, collaborate on projects, and access resources that can help them succeed in the entrepreneurial landscape

**Goals:**

- Encourage students to think creatively and adopt an entrepreneurial mindset.
- Equip students with essential skills for entrepreneurship, including leadership, communication, business planning, problem-solving, and financial management.
- Provide guidance and resources to help students turn their ideas into actual businesses or startup ventures.
- Organize events such as seminars, and networking sessions and workshop where students can meet and interact with successful entrepreneurs, business leaders, and alumni.

**Rules and Regulations:**

- The club is open to all students of the college, irrespective of their academic discipline.
- Members have the right to participate in all activities, events, and meetings organized by the ED Club.
- The Coordinator of the Entrepreneurship Development (ED) Club shall be a faculty member appointed by the college administration. The faculty coordinator will oversee the club's activities, provide guidance to students, and ensure that the club's objectives align with the academic and institutional goals.
- Members are expected to contribute constructively to discussions, projects, and events.
- The President will oversee all activities, ensure the club's vision and goals are being met, and represent the club in external affairs.

- The Secretary will be responsible for maintaining records, taking meeting minutes, and handling club communication.

The Entrepreneurship Club aims to foster innovation, creativity, and entrepreneurial spirit among students. This annual report highlights our key activities and achievements for the academic year 2024-2025. The Entrepreneurship Club has made significant strides in promoting entrepreneurial skills and sustainability awareness among students. We look forward to building on this success in the upcoming year.

## EDIFY- A SEMINAR ON ENTREPRENEURSHIP

On November 8, 2025, the Entrepreneurship Club, in partnership with the PG Department of Commerce, hosted an inspiring seminar titled "Edify Seminar on Entrepreneurship." The event aimed to motivate and educate students about the entrepreneurial journey and the skills needed to succeed in the business world. The seminar featured a session led by an esteemed Smitha R K Industries Extension Officer, who shared valuable insights into the entrepreneurial landscape. The officer emphasized the importance of innovation, resilience, and the ability to adapt in today's competitive market. Through engaging discussions and real-life examples, students were encouraged to explore their entrepreneurial potential and consider starting their own ventures. The seminar was well-received, with 57 enthusiastic participants actively engaging in discussions and asking questions. The feedback indicated a strong interest in entrepreneurship and a desire for more such initiatives in the future.

Overall, the Edify Seminar successfully fostered a spirit of entrepreneurship among students, equipping them with knowledge and motivation to pursue their aspirations.

## FOLD CUT CREATE- PAPER BAG MAKING WORKSHOP

On March 12, 2025, a workshop focused on sustainability and eco-friendly practices was conducted, where participants learned to create paper bags. The session was led by Alwin Mathew, who provided hands-on training and shared the importance of reducing plastic usage in daily life. A total of 39 students participated in this engaging workshop, where they not only learned the techniques for crafting paper bags but also discussed the environmental impact of plastic waste. Alwin emphasized the benefits of using sustainable materials and encouraged students to adopt eco-friendly practices in their everyday lives. The workshop fostered creativity and collaboration among participants, who enjoyed the practical aspect of the session. Feedback from attendees highlighted their appreciation for the skills acquired and the importance of sustainability.

Overall, the Paper Bag Workshop was a successful initiative that empowered students to contribute positively to the environment while developing new skills.

## CONCLUSION

The activities organized by the Entrepreneurship Club, including the Edify Seminar on Entrepreneurship and the Paper Bag Workshop, have significantly contributed to the club's mission of fostering innovation and sustainability among students.

The Edify Seminar provided a valuable platform for 57 students to engage with industry insights and motivational guidance from an experienced Industries Extension Officer. This event not only sparked interest in entrepreneurship but also equipped participants with the knowledge needed to navigate the challenges of starting and sustaining a business.

Similarly, the Paper Bag Workshop, led by Alwin Mathew, successfully engaged 39 students in practical sustainability practices. By learning to create eco-friendly paper bags, participants were encouraged to consider their environmental impact and adopt more sustainable habits in their daily lives.
