

K23U 4011

Reg. No. :

Name :

**I Semester B.A. Degree (C.B.C.S.S. – O.B.E. – Regular/Supplementary/
Improvement) Examination, November 2023
(2019 Admission Onwards)**

**COMPLEMENTARY ELECTIVE COURSE IN ECONOMICS
1C 09 ECO : Population and Development**

Time : 3 Hours

Max. Marks : 40

PART – A

Answer **all** questions. **Each** question carries **one** mark.

1. Define fertility.
2. What is crude birth rate ?
3. Explain life expectancy.
4. Define migration.
5. What is age pyramid ?
6. Define stationary population.

(6×1=6)

PART – B

Answer **any six** questions. **Each** question carries **two** marks.

7. Differentiate between demography and population studies.
8. Explain importance of population studies.
9. What is optimum theory of population ?
10. Differentiate between census and sample survey.
11. Explain measures of mortality.
12. What are causes of migration ?
13. Discuss population dividend.
14. Discuss issue of ageing in Kerala.

(6×2=12)

P.T.O.

PART – C

Answer **any four** questions. **Each** question carries **three** marks.

15. Explain different measures of fertility.
16. Explain the theory of demographic transition.
17. Distinguish between positive checks and preventive checks.
18. What are the causes of migration ? Explain consequences of migration.
19. Elaborate the Malthusian theory of population.
20. Explain features of National Population Policy, 2000. (4×3=12)

PART – D

Answer **any two** questions. **Each** question carries **five** marks.

21. Explain inter relationship between population and development.
 22. Discuss trends of population growth in Kerala.
 23. Explain various techniques of population projection.
 24. Explain various theories of migration. (2×5=10)

I Semester B.A. Degree (C.B.C.S.S. – O.B.E. – Regular/Supplementary/
Improvement) Examination, November 2022
(2019 Admission Onwards)

COMPLEMENTARY ELECTIVE COURSE IN ECONOMICS

1C09 ECO : Population and Development

Time : 3 Hours

Max. Marks : 40

PART – A

Very short answer type questions. Answer **all** questions.

1. Define stable population.
2. Define total fertility rate.
3. What is census survey ?
4. What is crude birth rate ?
5. Explain internal migration.
6. What is urbanisation ?

(6×1=6)

PART – B

Short answer type questions. Answer **any six** questions.

7. Differentiate between population studies and demography.
8. Explain the concept of distribution of population.
9. What are the different sources of population data ?
10. Define gross reproduction rate.
11. Explain different determinants of migration.

P.T.O.

K22U 3360

12. What are the causes of urbanization ?

13. Describe the issue of ageing in Kerala.

14. Explain the idea of age pyramids.

(6×2=12)

PART - C

Short essay type questions. Answer **any four** questions.

15. Illustrate the importance of population studies.

16. Explain the relationship between population and economic development.

17. Enumerate and describe the different types of migration.

18. Give details of Ravenstein's law of migration.

19. Explain the population growth trends in Kerala.

20. Describe the features of National Population Policy 2000.

(4×3=12)

PART - D

Essay type questions. Answer **any two** questions.

21. Explain the demographic transition theory.

22. What are the various measures of fertility ?

23. Compare the age composition of India and Kerala.

24. Discuss various population projection techniques.

(2×5=10)

COMPLEMENTARY ELECTIVE COURSE IN ECONOMICS

1C09ECO : Population and Development

Time : 3 Hours

Max. Marks : 40

PART – A

Answer **all** questions. **Each** carries **one** mark.

1. What is demography ?
2. What is migration ?
3. What is age pyramid ?
4. Define IMR.
5. What is called life expectancy ?
6. What is fertility ?

(1×6=6)

PART – B

Answer **any six** questions. **Each** carries **two** marks.

7. Explain the subject matter of population studies.
8. What is crude birth rate ?
9. What is population projection ?
10. What is age specific mortality rate ?
11. Zero population growth.

P.T.O.

12. What is NPR ?

13. What do you mean by population dividend ?

14. What is post neo natal death rate ?

(2×6=12)

PART – C

Answer **any four** questions. **Each** carries **three** marks.

15. Write a note on the causes of migration.

16. Describe the optimum theory of population.

17. Explain the sources of population data.

18. Explain the relation between population and development.

19. Write a short note on gross reproduction rate and net reproduction rate.

20. What are components of population change ?

(3×4=12)

PART – D

Answer **any two** questions. **Each** carries **five** marks.

21. Explain the theory of demographic transition.

22. Explain Evert Lee's theory of migration.

23. Write brief note on urbanization and its causes.

24. Explain various family welfare programmes implemented by GOI.

(5×2=10)

(2019 Admn. Onwards)

Complementary Elective Course in Economics

1C09ECO : POPULATION AND DEVELOPMENT

Time : 3 Hours

Max. Marks : 40

PART – A

Answer **all** questions. **Each** carries **one** mark.

1. What is meant by population studies ?
2. Define crude birth rate.
3. What is life expectancy ?
4. Define urbanisation.
5. What do you mean by Quasi-stationary population ?
6. What is age structure of population ?

(6×1=6)

PART – B

Answer **any six** questions. **Each** carries **two** marks.

7. State the importance of population studies.
8. What are the characteristics of population structure ?
9. What do you mean by general fertility rate ?
10. Explain Age specific mortality rate.
11. Explain the determinants of migration.
12. Explain the consequences of urbanisation.
13. What do you mean by demographic dividend ?
14. What do you mean by distribution of population ?

(6×2=12)

P.T.O.

K20U 3261

PART – C

Answer **any four** questions. **Each** carries **three** marks.

15. Explain Ravensteins laws of migration.
16. Discuss the scope of population studies.
17. Explain Malthusian theory of population.
18. What do you mean by migration ? Explain the push and pull factors of migration.
19. Explain population projection techniques.
20. Explain optimum theory of population. (4×3=12)

PART – D

Answer **any two** questions. **Each** carries **five** marks.

21. What do you mean by mortality ? Explain the different measures of mortality.
22. Explain theory of demographic transition.
23. Briefly explain the theories of migration.
24. Explain the National population policy in 2000. (2×5=10)

COMPLEMENTARY ELECTIVE COURSE IN ECONOMICS

1C 09 ECO : POPULATION AND DEVELOPMENT

Time : 3 Hours

Max. Marks : 40

PART - A

Answer **All** Questions. Each question Carries **One** Mark. (6×1=6)

1. What is meant by optimum population?
2. Define Migration.
3. What is Neo-Natal Death Rate?
4. What is 'Preventive check'.
5. What do you mean by Stationary population?
6. What is demographic dividend?

PART - B

Answer Any **Six** Questions. Each question Carries **Two** Marks.(6×2 =12)

7. Differentiate between demography and population studies.
8. What are components of population change?
9. What do you mean by total fertility rate?
10. Explain the factors affecting life expectancy.
11. Explain the consequences of migration.
12. Explain the causes of urbanisation.
13. What is meant by zero population growth?
14. What do you mean by population projection?

P.T.O.

**PART - C**

Answer Any **Four** Questions. Each question Carries **Three** Marks.

(4×3=12)

15. Explain Evert Lee's theory of Migration.
16. Explain the scope of population studies.
17. Explain the interrelationship between population and development.
18. What do you mean by migration? Explain the push and pull factors of migration.
19. Explain the sources of population data.
20. Explain the optimum theory of population.

PART - D

Answer Any **Two** Questions. Each question Carries **Five** Marks. **(2×5=10)**

21. What do you mean by urbanisation? Explain the consequences of urbanisation.
 22. What do you mean by mortality? Explain various measures of mortality.
 23. Explain Malthusian theory of population.
 24. Explain the National population policy in 2000.
